MEMORANDUM FOR THE RECORD

SUBJECT: Concurrence in Amendment No. 1 to Contract No. HF-8141 with the Westinghouse Electric Corporation, Baltimore, Maryland, Project CHALICE

1. This memorandum contains a recommendation submitted for approval of the Deputy Director (Plans). Such recommendation is set forth in Paragraph 5.

2. Amendment No. 1 to Contract No. HF-8141 has been written to evidence the final contract price negotiations for field service and maintenance on FOG AFQ-56 Radars for the period 1 July 1958 through 30 June 1959. The final price negotiated was for [REDACTED]. This contract is a fixed price redeterminable type which calls for establishment of a final contract price prior to completion. The details of the negotiation process are set forth in Memorandum for the Record dated 30 January 1959, DFD-0817-59, which is attached hereto.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate
